Last Week

Keith Obey updated the club on the purchase of the Maumee Ford Plant. Maumee Authority Stamping Inc. is purchasing the plant and the employees own the company. It will start with only a first shift. There are three reasons that they chose Maumee to place their manufacturing facility. First the facility of 800,000 square feet was the right size. It is a second to none plant for manufacturing. The location to transportation was another reason. Maumee is close to the turnpike, the airport and the interstates. The final reason is the quality of the work staff. The work ethics, expertise and desire of the employees are outstanding.
